10 CENTS PER WEEK.

FIENDISH FEROCITY DISPLAYED BY A MOB

Two Negroes Soaked in Kerosene and Burned at Stake.

An Unhuman Spectacle That Would Have Put Even Hades to Shame.

WRITHING VICTIMS SUFFER TERRIBLE TORTURE

Statesboro, Ga., Aug. 17.—With clothing saturated in kerosene, writhing and twisting in agony, and screaming to heaven for mercy, Paul Reed and Will Cato, negroes, two of the principals in the dastardly murder and burning of Henry Hodges and wife and three of their children, six miles from Statesboro, three weeks ago, were burned at the stake.

Yesterday afternoon a determined mob charged upon the court house, overpowered the military guard, secured Cato and Reed, who had been found guilty after a legal trial, and sentenced to be hanged, took them two miles from Statesboro and there exacted the fearful penalty.

The forenoon passed quietly, the trial of Paul Reed, the ring-leader in the murder, being concluded and a verdict of guilty rendered. Sentence was imposed upon both him and Will Cato, convicted the day before, and September 17 was fixed as the date for the execution.

The spectators left the court room and from the lawn outside many entered the hallways. Shortly before 10 o'clock the crowd was addressed by a tall man, who seemed to inflame it greatly. He called on those about him to follow him. Then Capt. Hitch, of the Oglethorpe Light Infantry, who was in command of the forces, realized that the situation was desperate. He posted guards on each of the stairways that led to the door above, where the prisoners were confined.

Sheriff Kendrick and others cautioned the crowd against violence, and pleaded with them to disperse.

A commotion at the front drew the crowd there. This was but temporary. Presently they were back at the rear, and some 25 men crowded around the guards. Before they could be prevented they had caught two of the guards, wrested their weapons from them and thrown open the breach blocks. The weapons were empty. That was what the crowd wanted to ascertain. The troops had been given orders not to load their rifles. The captured soldiers were held prisoners. The same policy was followed with others of the soldiers. Man after man, caught isolated was relieved of his rifle after a struggle. At the front a member of the mob crept along the wall until he got close to the guards. He threw himself upon them. In the breach this formed his companions three themselves. Two hundred wildly cheering men followed him, and soon the soldiers, though they fought desperately, and inflicted bayonet wounds upon some of their assailants, were overpowered.

The small guard round the prisoners withdrew into the room and closed the door. The mob crashed against it, bursting it as though it was an egg shell. The prisoners were at their mercy, all resistance having been beaten down. Cato, Reed, and the other prisoners cowered before the crowd. They dragged Cato and Reed out.

Reed was taken down one stairway with a rope about his neck, and Cato down the other, both pleading for their lives. The crowd now numbered 500. They dragged the men, shouting, along the road way leading to Hodges' home, where the live members of the family had been murdered and burned. The heat was so intense that the crowd were tired when two miles had been traversed. Going several hundred yards from the road the crowd halted.

The two negroes were made to kneel themselves on a log. They were told they had but a short time to live, and that they should confess. Reed was the first to speak. He confessed, implicating other negroes. He denied, however, that he had taken an active part in the murder. Cato answered incoherently. The crowd moved across a field to a strip of woodland. Several men climbed to branches and called for ropes.

"Turn them. Turn them!" shouted the crowd.

Cato begged to be shot or hanged, saying he was innocent, for that he

had had no part in the crime. Some of the more humane wanted to grant his request, but they were in the minority.

A member of the mob made a speech which inflamed the crowd to the burning pile. With their backs to a large stump 12 feet high, the men were fastened with chains. Then a wagon load of pine wood was hauled to the spot. It was piled around the men and then gallons of kerosene was thrown over them. A photographer was present, and the crowd was cleared back that he might get several views of the men bound to the stake and ready for the burning.

The scene which followed beggars description. Frenzied cheers rent the air as men, almost crazed with the hatred of the brutes being punished, saw the cruel flames drinking up the life blood. Just as the match was applied to the pyre one of those in front asked Reed didn't he want to tell the truth before he died:

"Yes, sir; I killed Mr. and Mrs. Hodges," he replied.

"Who killed the children?" he was asked.

"Handy Bell," came the response as the flames leaped upwards, and further questioning was impossible in the wild tumult. The spectacle was frightful. As the flames leaped about Reed's naked body, with oil-soaked skin, he twisted his head around in an endeavor to choke himself and fearful torture. Only once did he complain. He said: "Lord have mercy."

Cato screamed in agony and begged that he be shot. His heavy hair, which was oil soaked, was almost the first thing the flames fastened on, and screaming with agony while the hemp rope became a collar of fire around his neck a thrill of horror ran through the frames of the more timid. Before the flames had quenched Cato's life the rope was burned in two, and his head swung from side to side as he endeavored to avoid the fiery tongue. By effort almost superhuman he writhed under the close locked chains. For only about three minutes was he visible to the crowd before the great pile of fagots made a wall of flame which the wind whipped around on Cato's side and hid him from view.

Reed was told to exhibit unconcern, and was perhaps the first dead. Before the flames had progressed far up his body his head sank forward and many believed that the fire had gotten into his lungs. As Cato's head swung to and fro some of the party commenced to throw light knots of wood at it.

As soon as it was seen that the men were dead the crowd commenced dispersing. A large number remained behind, however, piling more fuel on, until both bodies were burned all except the trunks. Others employed themselves in thrashing out the fire which commenced spreading along the dry streaks of pine needles.

A THIRD REPORTED BURNED.

Savannah, Aug. 17.—Advice from Statesboro report that Handy Bell, one of the negroes accused of complicity in the Hodges murder, was burned at the stake late last night. There has been no confirmation.

The Lord would be pleased if a lot of people would take the padlocks off their purses and put them on their lips.

Where the feathers of vanity fly there is always a good mark for the gun, but never enough birds to pay for the shot.

BREAST TORN OPEN BY LOAD OF SHOT

Oscar Logan, Colored, Shoots at Sweetheart, Then Suicides.

Placed Muzzle of a Shot Gun to His Breast and Pushed the Trigger With a Stick.

THOUGHT HE KILLED THE GIRL.

Oscar Logan, a small mulatto, about 23 years of age, killed himself this morning about 11 o'clock in an alley in the rear of the Paducah Packing Company, on Tenth near Jones street, by shooting himself in the breast with a 12 gauge single barrel breach loading shot gun.

The negro a few moments before shot at Lizzie Young, his sweetheart, and probably killed himself because he thought he had killed her.

Logan boarded at the young woman's mother's house on Caldwell street, near Eleventh, and this morning went to the house and procured a shot gun which was setting in the corner. The gun belonged to the young woman's brother and loaded shells were kept in a dresser drawer near by. The young woman was making up her bed when Logan entered the open door, she did not hear him enter until he called her name, and then looked out from behind the door to see who wanted her. When Logan saw her he ran into the adjoining room and secured the gun. The woman was busy with the bed and didn't notice him.

Logan after securing the gun, started for the next room and while going out the door, placed the gun against the middle of the panel and fired. The shot went through the door, tearing a hole as big as a man's fist, but fortunately did not strike the woman, who ran out of the room and sought protection in the Henry Schmidt grocery, at Eleventh and Caldwell streets.

Logan thought he had killed the woman and immediately ran out of the house, down the street to the alley and then down the alley towards the cannery factory. The noise of the shot attracted attention, and Floyd Martin ran out of his house near by in time to see the disappearing form of Logan going into the alley. He followed and when Logan had reached the cannery factory, saw two negroes give chase, the pursuers evidently thinking the youth had shot some one.

Logan stopped, and pointed the gun at the two men running after him. His next move was to place the butt of the gun on the ground with the muzzle at his breast. He had a small stick in his hand with which he pulled the trigger.

There was a muffled explosion and the boy fell to the ground, the gun falling partly under him. The explosion attracted the employees of the cannery factory and the alley was filled with spectators in a few moments. Officers Cross and Orr were soon on the scene and began an investigation.

Officer Cross made the investigation while Officer Orr remained to watch the body until the coroner came. The officer, after his inquiry, stated:

"From what I can learn the cause of the suicide was that the mother had driven Logan, who boarded with her away. This morning Logan was accused of stealing \$7 and the boy resented it. He was told to hunt another boarding house and went away, but returned and shot at the young woman. He supposed he hit her and ran, later deciding to kill himself, and avoid other punishment."

Logan's breast was torn open by the load of shot and he fell partly on his face, the gun, covered with bloody, remaining under him until taken away by the police.

Justice Young was notified of the suicide and will hold an inquest. Logan is one of the very few negroes who have committed suicide in Paducah.

The police later today learned that Henry Deboe, J. T. Willingham and Will Diggs saw the boy shoot himself and also knew something of the circumstances surrounding the affair. The boys were taken into custody to await the coroner's inquest.

They were seen at the city hall by a Sun reporter this afternoon and say they simply saw the boy shoot himself. Deboe was working in his back yard with a hatchet when he heard the first shot and had simply jumped over his alley fence to see what the trouble was. Diggs was also passing the alley when Logan ran, and Will-

BEAUTIFUL GIRLS ATTEMPT SUICIDE

Christian County the Scene of Two Violent Efforts.

Miss Ada Lee Takes Carbolic Acid— Cause Unknown—Miss Nell Clark Will Die.

THE LATTER FORGED A CHECK.

Hopkinsville, Ky., Aug. 17.—Miss Nell Clark attempted suicide yesterday at the home of her father, Josh Clark, at Crofton. She is still alive, but physicians hold out no hope of her recovery. She took a large quantity of corrosive sublimate.

Miss Clark is the daughter of Joe Clark, a prominent farmer. Saturday it was learned that checks for \$550 and \$30 on the account of Walter D. Bowles, a wealthy young Crofton farmer which had been cashed for her by the bank of Hopkinsville, were forged.

The bank officials had the sheriff to arrest Miss Clark and bring her to town Saturday night. She told where over \$500 of the money had been placed for safe keeping, and it was returned to the bank and her parents agreed to pay the balance. Miss Clark claimed that Bowles gave her permission to draw the money, and mortification over her predicament is supposed to have prompted the deed.

ANOTHER ATTEMPT IT.

Hopkinsville, Ky., Aug. 17.—Miss Ada Lee, the beautiful seventeen year old daughter of W. H. Lee, of West & Lee, carriage makers, took a large dose of carbolic acid and iodine this morning with suicidal intent, but may recover. The cause is withheld from the public.

LINDO IN HOCK

NOTED BOOTLEGGER ARRESTED ON THE SAME OLD CHARGE.

Lindo Murphy, of Mayfield, was arrested near Mayfield this morning on an indictment of the Federal court, for selling whiskey without license. He was brought here this afternoon and placed in the county jail in default of a \$1,000 bond. Murphy will probably execute the bond this afternoon for his appearance before the United States court here next November, and be released.

He was indicted here at the spring term of the Federal court and released to answer a similar charge in the state courts.

He was serving a jail sentence at Clinton, given by the state courts, and was pardoned about six weeks ago by Governor Beckham, for his bravery in protecting the life of the jailer in a break made by the prisoners.

HEARD IT PLAYED

MISS ISABEL MOHAN LISTENS TO HER MARCH BY THE SEC- OND INFANTRY BAND.

St. Louis, Mo., August 17.—The Second Infantry Band's programme for its morning concert today had for its first number the "St. Louis Exposition March," composed by Miss Isabel Mohan, of Paducah. Miss Mohan heard her composition, and was attended at the concert by Commissioner and Mrs. Frank M. Fisher, of Paducah.

Miss Flora Nail, of Louisville, who has been visiting her sister, Mrs. D. L. Van Cullie, went to Henderson, N. C., today at noon on a month's visit.

The value of a man's principles depends on what it costs him to cash them in practice.

It is a good deal easier to sit up straight in church than it is to walk upright in the world.

Wingham was walking up the railroad tracks, a half square away. They say they followed the boy because they heard a shot and saw him running and desired to see what the trouble was. They all say Logan committed suicide. The only relative Logan had here was a uncle in Mechanicsburg.

JAPAN HAS DEMANDED THE PORT'S SURRENDER

The World Soon to Know Fate of the Beleagured City.

General Stoessel's Reply is Expected Sometime To- day by the Japanese.

GENERAL KUROPATKIN REPORTS NO CHANGE

Tokio, August 17.—It is learned in official circles that demand was delivered yesterday to the beleaguered Russian forces in Port Arthur to surrender. The demand was made in the name of the Mikado, actuated by the serious plight of the Russian garrison. The reply of General Stoessel is expected today.

REPLY EXPECTED TODAY.

London, August 17.—The Kobe correspondent of the Star, wiring relative to the demand for the surrender of Port Arthur, say that the commander of the Russian forces promised to send a reply by tea o'clock this morning.

ASKOLDS' CASUALTIES.

St. Petersburg, August 17.—The casualties aboard the Russian warship Askold, now at Shanghai, during last Wednesday's battle are officially placed at eleven killed and forty-seven wounded.

OIL WAREHOUSE AFIRE.

London, August 17.—A dispatch to the Central News from Tokio says that a big oil warehouse at Port Arthur is blazing furiously, and that the position of the besieged is such that the Japanese are urging them to surrender.

KUROPATKIN REPORTS.

St. Petersburg, August 17.—The following dispatch was received from General Kuropatkin today: "There

is no change in the situation. Rains are falling everywhere and Chuchas are active. The Japanese are constructing a railway between Feng Weng Cheng and Leng Chang Wang, the cars drawn by men."

THE JAPANESE ADVANCE.

St. Petersburg, August 17.—The following dispatch, reporting the resumption of the Japanese advance in Manchuria was received from Mukden: "The Japanese have occupied Tsin Shan on our extreme left flank. Monday a small force of the enemy's infantry occupied Dapind Shan pass. Our outposts retired."

ENGLAND GETS REAL BAD.

London, August 17.—It is learned that in the British note to Russia relative to the sinking of aerial ships it is declared that unless Russia renounces every claim to the right to sink such vessels, warships will be employed to convey British merchantmen, and protect them from such an outrage. This means the British government is ready, if necessary to fight for the principle at stake.

BRITISH SHIP STOPPED.

Ajaccio, Corsica, Aug. 17.—The British steamer Scotia, coal laden, from Tyne, arrived to report that she was stopped Aug. 12th by two blank shots, followed by a shell from the Russian cruiser Ural. After an inspection of the papers she was allowed to proceed.

DAVIS NOTIFIED

Democratic Vice Presidential Candidate Honored Today.

Eight Thousand People Witness the Ceremony at White Sulphur Springs.

White Sulphur Springs, W. Va., Aug. 17.—Henry G. Davis was notified today of his nomination for the vice presidency by the Democratic convention.

Fully eight thousand people witnessed the ceremony at this famous old summer resort.

Many prominent Democrats were present and the smart frocks of the women added to the beauty of the scene.

The notification speech was made by John Sharpe Williams, of Mississippi.

Senator Davis accepted in a speech in which he pleased his audience. When he concluded Mrs. W. L. Peel, of Atlanta, attended by seventeen other women from Atlanta who escorted her to the platform, presented Senator Davis with a beautiful flag, which he received with a graceful acknowledgment. A reception and hall followed.

NEVADA CITY.

RAIN POURS IN TORRENTS AND IT IS COMPLETELY ISOLATED.

Reno, Nevada, August 17.—Toiyah is completely isolated from the outside world, and provisions are running low. Since Sunday morning the rain has been pouring down in torrents. The buildings are flooded, and water pours through the streets to a depth of two feet, and the railroad has been completely washed out.

IS DYING

SENATOR HOAR CANNOT LIVE MUCH LONGER.

Worcester, Mass., Aug. 17.—Announcement was made today that United States Senator Geo. F. Hoar, the venerable statesman, is dying. His physicians say that his entire system is broken and he cannot live more than a few days longer.

HOUSE WRECKED

MOB ATTACKS HOUSE OCCUPIED BY STRIKE BREAKERS.

Chicago, August 17.—A mob attacked a house occupied by new stock yards employees early this morning, compelling the occupants, six men and two women, Poles, to flee for their lives in their night clothes. The house was then wrecked.

MARRIED IN METROPOLIS.

Metropolis, Ill., Aug. 17.—Mr. Rafae Griffin and Miss Benish Tlangher of Paducah were married here by Justice Liggett this morning.

When a man puts out his shingle on the roof the Lord is likely to let him sit down in the basement awhile and think.

WHERE IS BONNO WITH HIS BENDERS?

Paducah Lost Yesterday Be-
cause of Bum Playing.

Cairo Had No Trouble With Hoptown
and Henderson Players go on
a Strike.

GOSSIP AMONG THE LOCAL FANS.

	P.	W.	L.	Pct.
Cairo	321	100	33	.433
Paducah	362	53	30	.574
Clarksville	291	41	46	.388
Vincennes	303	40	51	.379
Henderson	311	40	53	.370
Hopkinsville	302	39	53	.320

YESTERDAY'S RESULTS.
Cairo 2, Hopkinsville 1.
Clarksville 3, Paducah 0.
Vincennes 0, Henderson 0. (for-
feited.)

SCHEDULE FOR TODAY.
Paducah at Clarksville.
Hopkinsville at Cairo.
Vincennes at Henderson.

INDIANS SHUT OUT.
Clarksville, Tenn., August 17.—
The Indians lost yesterday because of
errors, the two teams getting the
same number of hits.
Paducah, 0 1 0
Clarksville, 2 5 2
Batteries: Brabin and Land;
Wentky and Pettit.

CAIRO WON EASILY.
Cairo, Ill., August 17.—The only
feature of yesterday's game was Hop-
kinsville's getting one run. The home
team got 7 hits, and but for errors
would have scored several more runs.
r h e
Cairo, 2 7 4
Hopkinsville, 1 2 1
Batteries: Alexander and Keller;
Crangle and Harvey. Umpire Violet.

NO GAME AT HENDERSON.
Henderson, Ky., August 17.—Hend-
erson yesterday found herself in the
fix Paducah was in a few weeks ago.
Some of the players quit because they
were fined, and refused to don their
uniforms. When the time arrived for
playing the game with Vincennes
there were not enough Henderson
men in uniform to play the game and
it was declared forfeited to Vincennes
by a score of 9 to 0.

A WINNING TEAM.
The Cairo sport who says he will
bet \$1,000 that Cairo's team can de-
feat any team, picked from the Kitty
League teams the best two out of
three games must have been drinking
hops. A local sport who has studied
the matter out thinks the following
team, picked from the league, can
beat anything in the minor leagues.

Land, Paducah, and Pettit, Clark-
sville, catchers, Freeman, Bonno, Pa-
ducah, Goodwin, Duffey, Vincennes,
pitchers Wilkerson, Vincennes, 1b;
Potts, Paducah, 2b; Bohanan, Hen-
derson, 3b; Bateman, Paducah, short
stop; Roedel, Vincennes, Harley, Pa-
ducah and Eddie Powers, Clarksville,
out fielders. This team is composed
of the best fielding hitters in the
league.

AFTER CATCHER LAND.
An agent of Clark Griffith's New
York American League team was at
the Halliday, coming on for the pur-
pose of purchasing the release of Iron
Man Holycross. He was informed
that he was not for sale at present at
any price but at the close of the ses-
sion in order to shut out a previous
draft for the Iron Man's services, he
could have him for \$500. He jumped
at the offer, requesting that papers be
drawn up and binding the bargain
with a payment of \$350. Holycross

IMPORTANT

**Delicate people can resist
the changes of climatic
conditions more easily if
stomach and bowels are
in good order.**

**Dr. Caldwell's
Syrup Pepsin**
(LAXATIVE)
**Corrects Stomach Trouble
and Cures Constipation**
PEPSIN SYRUP CO., Monticello, Ill.

DU BOIS, KOLB & Co.

will undoubtedly be tendered a con-
tract calling for \$350 per month.
Catcher Grover Land of Paducah,
was recommended to him and he left
this morning for the Kentucky city,
where he will talk it over with the
management of that club in regard to
land.—Cairo Bulletin.

A CLOSE RACE.
Cairo and Paducah are nearly neck
and neck in the race for the pennant
with the others hopelessly out of the
race with no probability of their
breaking into the bunch.

If the pace keeps up, the Kitty
League will earn a reputation for its
thrilling features. It will be marvel-
ous, however, if one of the two doesn't
come to grief before September 1, as
the strain of having so much depend
upon the result of every game played
is pretty sure to tell on the men who
are keyed up to the highest pitch.
There is certain to be a break and
the team which has the greatest
amount of sand and nerve stored up
and is best equipped against acci-
dent will stand the best chance to
win in the end.—Cairo Bulletin.

BASEBALL NOTES.
The Vincennes Commercial says:
"Yes, Cairo, your little Tommy Smith
is a 'peach.' But he got his at Vin-
cennes. In the three games here he
had three errors, one hit and several
good punches in the 'mug,' and
finally had to be benched for dirty
ball playing. Bierkotte in the same
games with no errors, had three hits
and four sacrifices. Smoke up Cairo."

"Big" Lally, Paducah's new first
baseman, has added much strength to
the team. His hitting has been better
possibly than any other member of
the team excepting Harley. Lally hits
when it is most needed and in the last
two games played on the home grounds
was a big factor in run getting.

Freeman's hand is badly swollen
but he is nursing it and thinks within
two weeks he will be able to pitch
again. He can move all his fingers
and is doctoring the swelling and
trying to keep the fever out of the
hand.

Tom Richards will again don a Cairo
uniform and fill the position at the
second sack, says the Cairo Citizen.

Tommy Smith has been released.
It seems that the moment the Cairo
team heard that "Smithy" had been
signed, a howl went up and they were
all against it.

In the first game Smith made three
errors and in yesterday's got into a
fight with one of Vincennes' players.
From what the Citizen can learn
Smith was largely responsible for the
two defeats, and especially the one of
yesterday, but we cannot do more
than to take the players' word for
this.

Richards' friends contend that
Smith is naturally a trouble maker,
while the latter's friends claim that
Richards is no good.
But the team threatened to strike
if Richards did not come back, so it
will probably be better to forget the
past and wish the boys continued suc-
cess.

GOOD CONTRACT

Architect B. B. Davis to Draw
Plans for Louisville Armory.

A Popular Paducah Man Received a
Unanimous Vote in
Contest.

Architect B. B. Davis of Paducah, is
to draw the plans for the big armory
at Louisville. Yesterday's Louisville
Times says:

Mr. Brinton B. Davis was awarded the
contract to prepare plans for the new
armory this morning at a special meet-
ing held for that purpose by the Fiscal
Court by a unanimous vote. Judge
Gregory spoke in highest commendation
of Mr. Davis' work as an architect.

The 'Magistrates, appreciating Mr.
Davis' ability, gave him a unanimous
vote.

Judge Gregory, Mr. Davis and Magis-
trates Nelson, Fegenbusch and Adams
will go East Sunday night to inspect
armories there. Mr. Davis submitted a
tentative plan, which was examined
by the court, but the final plans will not
be made until after the Eastern trip.

The Fiscal Court has notified the oc-
cupants of the houses on the site to va-
cate by November 1. The buildings
will then be sold and, it is believed,
enough money can be realized to proceed
with laying the foundation. The court
expects in the early spring to make an
appropriation for the building.

It's mighty foolish to get so anxious
about saving the whole world that
you haven't time to do a thing for
your own ward.

Science Destroys Rats and Mice.

Many readers of this paper have been
greatly annoyed the last month or so with
an unusual number of rats and mice, or
both. Traps have been of no avail in
ridging them of these pests. We are glad
to tell them that science has discovered a
means of driving rats and mice from the
house to die. This is Stearns' Electric Rat
and Roach Paste. Its sale has been re-
markable, and it never fails. If you cannot
get the Paste of your dealer, write direct to
the Stearns' Electric Paste Co., Tribune
Building, Chicago, Ill., and it will be sent
to you express prepaid on receipt of price.
It is easy to use, and rids the house of rats,
mice, cockroaches, etc. Small size, 25c;
Hotel size, eight times the quantity, \$1.00.30

Sold by W. H. McPherson

GREAT CROWDS WILL ATTEND FAIR

The Entertainment is Clean and
Worth Patronizing.

The Races Yesterday Were Very Good
and Were Tightly Enjoyed
By 2,000 People.

PROMISING OUTLOOK THIS WEEK.

The attendance at the first day's
festivities at the fair grounds was
most encouraging. There were nearly
2,000 people out yesterday afternoon
and several hundred last night. The
inefficiency of lights last night has
now been remedied and there will be
an abundance this evening.

The races were quite exciting yester-
day afternoon, and the free fea-
tures of the fair served to fill in the
waits between contests.

The Wild West is worth the entire
admission price, and contains twelve
acts while the other features are
equally as good.

The show is clean and there is
nothing to which the most exacting
person could object. Messrs. Given
and Franchise have been in several
cities with their entertainment, and
have always won with the good will
and recommendation of the very best
people, and they expect to do it here.

The races yesterday resulted as
follows:

Paducah Derby—1 1/16 miles, run-
ning—Tom Gilmore first, Ermark,
second; Joe Hart third. Time 1:32.
Free for all trot—Egyptian Bay
won in three straight heats, Otto G.
second, Maud Hill third, best time
2:21 1/4.

Five eighth mile dash—Randolph,
Jr., first, Celia B. second, Glenrose
third. Time 1:03 2/5.

In the county trot or pace, Gus B.
took the first heat, Ed Price second.
Chief met with an accident and the
race will be finished this afternoon.

Today's entries are:

Five eighth miles heats: running:
Marco Polo, Celia B., Tom Gilmore,
J. Patrick.

Three fourths mile dash: Diana
Farco, Joe Bowers, Joe Hart, Vaden
Scappa.

Judge Given this morning said to a
Son reporter that today and tomor-
row, especially, he expected to see the
fair grounds packed. "We charge
but ten cents at night and everything
is exhibited before the grand stand.
In Evansville we made a complete
success and received many com-
pliments for having given the best fair
ever held there. We charge in the
day time 25 cents and this admits to
all attractions. The people have all
been satisfied with the attractions and
we think this year Paducahians will
see what the Glvan, Rasch Franchise
association can do in the entertaining
line."

Tomorrow is Paducah Day and some
excellent races will be run. The
largest crowd of the entire week is
expected out.

The fair association carries with it
a fine band which has been com-
plimented highly wherever it goes. This
band is composed of some Madison-
ville boys, with five musicians picked
up from other cities.

MAKES FORMAL ANNOUNCE- MENT

Rev. David Wright, of New Al-
bany, Ind., who accepted the pasto-
rate to Grace Episcopal church here
several weeks ago has made formal an-
nouncement of the fact to his congre-
gation at New Albany, and will ar-
rive here September 1st with his
family.

Chester Severann, a young burglar,
was shot and killed at Chicago by de-
tectives.

Mrs. Frank Wall, Washington coun-
ty's wealthiest woman, is dead.

THERE IS ONLY ONE WALK-OVER SHOE.

And you can get them at ROCK'S. We have just received twenty
new styles of this popular shoe.

321 BROADWAY **GEO. ROCK,** 321 BROADWAY

FUNERALS TODAY

REMAINS OF MRS. ALEX. LEVY
AND MRS. PERCY KELLY
ARRIVE.

The remains of Mr. Alexander
Levy, formerly of Paducah, who died in
Louisville Monday afternoon, ar-
rived here this morning, and the
funeral took place at 10 o'clock from
the residence of her sister, Mrs. I.
Levy, at Seventh and Madison streets.
Rev. William Flinsberger, of Daven-
port, Iowa, who is visiting in the
city, conducted the service, and the
burial was at the Jewish cemetery.

The Louisville Times of yesterday
gives the following details of Mrs.
Levy's death:
Mrs. Sophie Levy, sixty-six years of
age, the wife of Alexander Levy and
the mother of Mrs. N. M. Uri, died at
the residence of her daughter, Mrs.
Bertha Epstein, 208 West Barnett
street, at 10:30 o'clock last night.
Death was due to acute peritonitis.
Mrs. Levy had shown a marked im-
provement in condition up until last
Friday night, when she took a turn for
the worse and all hope of her re-
covery was shortly afterward aban-
doned. Her husband and two chil-
dren were at the bedside when the
end came.

Mrs. Levy had been a resident of
this city but six years having moved
here from Paducah. During her com-
paratively short residence in the city
she had made a large number of
friends and was greatly beloved.

Mrs. Levy was born in Germany of
Jewish parentage, but had lived in
this country nearly all her life. A
short service will be held at the resi-
dence, 208 West Barnett street, to-
morrow noon. The remains will then
be sent to Paducah where the burial
will take place at noon.

The remains of Mrs. Percy Kelly
arrived last night from Pueblo, Colo.,
accompanied by her husband and
mother. The funeral took place this
morning at 10 o'clock, from the resi-
dence of her father, Mr. O. T. Torian,
Nineteenth and Washington streets,
and the burial will be at Oak Grove.

The funeral of Mrs. Mary E. Ter-
rell took place from her late residence
519 Kentucky Avenue. The services
were conducted by Rev. M. M. Ben-
ton, of Louisville, arch deacon of the
Episcopal diocese of Kentucky, and
the burial was at Oak Grove.

COUNTY SCHOOLS.
About half the county schools are
now in session in McCracken, with
about the average attendance for this
time of the year. The big annual
picnic will take place at Lone Oak this
fall.

A CONVICT'S WIFE LOYAL TO THE LAST

Went to Eddyville to be Near
Her Husband and Died

R. J. Mobley, Shot at Mayfield, May
Develop Blood Poison From
His Wound.

KENTUCKY NEWS BRIEFLY TOLD.

Eddyville, Ky., Aug. 16.—Mrs. Mary H. Rone, wife of J. L. Rone, died at the home of Jailer Kivel here, after an illness of two weeks from typhoid fever.

In 1903 J. L. Rone was sentenced to the penitentiary for twenty-one years in the Warren circuit court for the murder of C. H. Savory, and before coming to prison appealed his case to the higher courts, where the sentence was affirmed. Pending the decision he was married at the Warren county jail. Mrs. Rone came to Eddyville soon after her husband and secured a position as domestic, and had worked faithfully in order to supply him with such delicacies as her earnings would allow.

There were no witnesses to the killing, and Mrs. Rone went to her grave with implicit confidence in the innocence of her husband.

BOY DROWNED

Milton, Ky., Aug. 17.—Harold Hockett, aged fourteen, while bathing with an eight-year old boy in the Ohio river, twelve miles below town was drowned. His body was recovered.

MUST BE GOOD.

Logansport, Ky., Aug. 17.—Acting on the advice of the Rev. P. Ross Parish, Contractor L. O. Miller, who is building the new church for the Broadway Methodist congregation long in his office and conspicuous place placards bearing the Ten Commandments. Strict adherence to these instructions is required of every laborer employed. Special stress is laid upon one prohibiting profanity. While the Market street Methodist church was building, the contractor was required to give bond that no workman employed would use tobacco, liquor or profanity during work hours. The men struck.

DEATHS AT FULTON.

Fulton, Ky., Aug. 17.—Mrs. Lulu May Moss, wife of W. P. Moss died at her home in East Fulton. Mrs. Moss was only sick five days with congestion. She leaves a husband and a little nine months-old child.

Mrs. George Collins died of consumption. She leaves a husband and two grown children. Miss Mott and Mr. Henry Collins, to mourn her loss.

BLOOD POISON FEARED.

Mayfield, Ky., Aug. 17.—H. J. Mobley, the young man who was shot here by young Powell is resting better this morning, although blood poison is feared. Powell has not been arrested. Mobley is the son of a Methodist minister.

Henderson, Ky., Aug. 17.—O. C. Tennis, O. H. Hutton and Harry Randall, members of the Tennessee Construction company, of Louisville, Ky., are in Evansville to go over the proposed traction line between there and Henderson in which they are interested. This road will be extended to Rockport, Ind., and later may run to Owensboro, Ky. The Evansville

and Henderson traction line will cross the Louisville and Nashville railroad bridge at Henderson, providing the court decides the company has a right to do so.

THE UNLOADED PISTOL.

Mayfield, Ky., Aug. 17.—Robert, the twelve year old son of the Hon. B. K. Hordfish, cashier of the Bank of Mayfield, while playing with a revolver at his aunt's home near this city, was dangerously shot. The weapon was not thought to be loaded, the balls striking him near the breast bone and inflicting an ugly wound.

DEATH IN LYON.

Eddyville, Ky., Aug. 17.—Mr. J. L. James, about 70 years old, and one of the oldest traveling men in the country died from general debility yesterday. He was on the road for many years for Bacon & Co., Evansville wholesale grocers, and retired several years ago on account of advanced age. He was well and favorably known throughout this section, and leaves several children, among them Attorney E. H. James, of this place.

NEW MARKET HOUSE WILL BE MODERN

One End May Be Used for Cold
Storage Room.

Will Do Away With the Ice Boxes—
Plans Will Not Be Ready
Tonight.

BOARD OF WORKS MEETING.

The plans for the new market house will not be ready for consideration by the Board of Public Works tonight. Architect Bratton not only has some difficult drawings to make, but the board is also investigating the latest and most modern methods of building market houses, and has not yet secured the necessary data.

A letter has been written to Armour & Company, who have built many large butcher stalls and such things, relative to the best, latest, most sanitary, hygienic and desirable kind of butcher stalls.

The board will, before deciding on the plans for the new structure, also decide which are the best and most sanitary tops for butchers and scales, whether glass marble, porcelain or what.

The board has another matter under advisement which is of the greatest importance, and this is the laying off of one end or portion of the market house for a large cold storage room, which will enable the butchers to do away with their ice boxes, and give the city more room in its new building. It is expected that the plans will be ready in every detail for the regular meeting next week.

This evening the matter of draining sections of the west end will be considered by the board. There has been a great deal of complaint for several years about the bad drainage in many places, and the board, after an investigation, has about decided that it will be necessary to lay a lot of 18 inch drain pipe to relieve the overflow.

Yesterday afternoon the board inspected the extension of West Jefferson street from Fountain Avenue, to Twenty-fifth street, done under the contract with Mr. Charles Robertson, and found it to be according to contract, and will tonight receive it. The job is a most creditable one, they say, for the reason that the street is built through the woods where there was no foundation for it, if for no other reason.

HAND BADLY MASHED.

George Hudson, white, an employee of the Rex Manufacturing Company, was injured in the machinery at the plant this morning. His right hand was caught and badly mashed and cut. Dr. J. S. Troutman dressed the wound.

—Regular prayer meeting at Tenth street Christian church at 7:45 p.m. Subjects—"Knowledge and Responsibility," "Some Reasons why we Should Attend the Prayer Meetings." Members of the church urged to attend, friends invited.

ANNOUNCEMENT!

ISAAC MARTIN,
Cave City, Kentucky.
Cancer.

We, the undersigned citizens of Bowling Green, Ky., hereby endorse Dr. D. C. N. Murphy as a gentleman and physician of good standing, and are personally acquainted with a number of our citizens he has cured of cancer. J. H. Mahory, Mayor; Hon. W. E. Seale, Judge Eighth Judicial district, Kentucky, now one of the appellate judges at Frankfort, Ky.; Hon. Nat. Potter, commonwealth's attorney, Eighth Judicial district, Ky.; J. Whit Potter, President Potter, Matlock & Co bank; John B. Vahnes, postmaster, Robert Rodes, sheriff Warren county; Dr. S. B. Johnson, Dr. J. E. Meredith, Dr. A. C. Wright, Dr. T. B. Wright, Dr. H. Mahory, Dr. W. R. Francis, Dr. C. I. Grinstead, Dr. J. P. Duncan, Dr. W. W. Bowling and Dr. D. D. Potter.

References: The following persons were cured of cancer by the writer: James Newton, Bowling Green, Ky.; Wesley Dodd, Bowling Green, Ky.; William Harrell, Bowling Green, Ky.; Aaron Lawson, Bowling Green, Ky.; Mrs. M. E. Thum, Bowling Green, Ky.; Dr. W. Capshaw, Bowling Green, Ky.; Mrs. Thomas Hay, Franklin, Ky.; S. D. Ness, Jr., Franklin, Ky.; James Wright, Frankfort, Ky.; Mrs. John Garrison, Paducah, Ky.; Jesse Thomas, Paducah, Ky.; J. C. Clark, Paducah, Ky.; Mrs. Lavada Perry, Glasgow, Ky.; O. P. Shackelford, Mammoth Cave, Ky.; Harvey Dixy Sledge, Ky.; Eastern Chimes, Three Springs, Ky.; Isaac Martin, Cave City, Ky.; James North, Cave City, Ky.; R. H. Phillips, Popes, Ky.; Rev. R. H. Studdfield, Tammund, Ky.; Mrs. Mary Oldfield, Drake, Ky.; Allen Young, Anna, Ky.; Lillian Gibson, Hillsdale, Ky.; Calvin Merritt, Woodburn, Ky.; Hon. Thomas E. Moss, Paducah, Ky.; (Major Moss was cured seven years ago) W. H. Schurr, Paducah, Ky.; J. C. Lewis, Paducah, Ky.; Dr. Z. G. Gayler, Knob Lick, Ky.; Wm. Hession, Paducah, Ky.; Dr. Richards, Mount Pleasant, Tenn.

I could lengthen this list of references to nearly one hundred names, but the above is sufficient.

I would not be understood as claiming to cure all cases of cancer. I know of no cure for internal cancer, viz., of stomach, bowels, etc., or extensive external cancer, where deep neighboring glands are already involved. I have no universal remedies for all diseases. I am a specialist and confine my labors to my special work in hand.

CHRONIC LEG ULCERS.

Mrs. William Lightfoot, of Drake, Ky., about 60 years old, consulted the writer in September, 1896, for what she believed to be cancer of the lower leg. She stated that about twenty years before she had some sort of eruption on her shin that resulted in an open ulcerating sore, and as she had tried a large variety of remedies and treatments without a cure, she had concluded that her disease was malignant or

I have no apology to offer on the score of medical propriety for thus announcing to the public that I have made a special study of Rectal, Genito, Urinary and Skin Diseases and Tapeworm, and am now able to show by many whom I have treated the most gratifying and satisfactory results of my treatment. Especially would I invite attention to my success in treating malignancy or Cancer. Therein is a general belief on the part of the public that Cancer cannot be permanently cured by any mode of treatment. Such are invited to call at my office and be convinced, or write to any of the parties whose names appear as references. Cancer cured with little pain. In making this statement it is not my desire to deceive any one. Some of my patients have told me that they suffered no pain worthy of mention. Not all are constituted alike, however, and there are some who suffer more, and complain a good deal. Endorsement where I practiced my profession for eleven years.

ISAAC MARTIN,
Cave City, Kentucky.
Cured.

On examination I found the limb, from toes to knee, enormously swollen and midway between knee and ankle was a most foul smelling ulcer about six inches in diameter that almost girded the limb. The tissues having sloughed by decay to the depth of three-fourths of an inch over the ulcerated surface. I informed her of the true character, telling her it was not cancer, and that it was curable. Treatment was given by the writer and in one month the leg had been reduced to its normal size and the general character of the sore much changed for the better. Five months later there was only a very small surface remaining unhealed and a short time thereafter she came back entirely cured. I saw this woman six years later and she was sound and well so far as her leg was concerned.

Zach Holland, of Halfway, Ky., about 20 years old, blacksmith, called on the writer in February, 1901. Said he was en route to Louisville to have his legs treated which had been sore for six years. On his arrival at Bowling Green he had been advised by a friend to consult me before going any further. On examination I found both lower limbs badly swollen from toes to knees, and on the shins and calves were deep, dirty ulcers. Under my directions this man made a complete recovery in six weeks. I saw him two years later when he reported himself sound and well.

L. C. Loran, Paducah, Ky., 41 years old, accompanied by his physician, called January 16, present year, to consult me about an extensive ulceration of his leg of fourteen months' duration. Under my directions his leg healed completely in three weeks.

I could cite many other cases of chronic sores of different characters successfully treated by the writer, but the foregoing is sufficient.

CASE 1—Chronic Eczema of Tetters. Mrs. Captain Erits, wife of U. S. Pension agent, Bowling Green, Ky., chronic eczema of both limbs of several years' duration, involving both backs and palms. At the time I was called to see her, July 1902, her hands were in such a plight as to render her helpless in her domestic duties. Under my directions and treatment she made a good recovery in about three months. She was well a year later when she went to Cincinnati, O., to reside.

CASE 2—Jesse McFadden, Galloway, Mills, Ky., farmer about 45 years old, consulted me in March, 1902, for chronic eczema of the scrotum of several years standing. He stated that the itching was so intense that he could hardly endure it. As in the case cited above, my treatment cured him in about ninety days. I saw him about one year later and he reported that he had had no return of eczema.

CASE 3—T. A. Thornton, Paducah, Ky., laborer 61 years old, called to see me February 15, present year, for advice for a chronic eczema which he

stated he had suffered with for forty-five years. On examination I found the whole of the left arm pit involved, also the entire genito-crural region and left lower leg and foot. This man had been forced to give up his work at a cooperage factory in Mechanicsburg two weeks before he called on me, on account of the excruciating condition of the inner aspect of his thighs and the adjacent parts. As in most cases of this disease the itching and burning was very severe. Under treatment he was able to return to his work in two weeks, and in less than four months was well. A recent inspection of this patient failed to reveal the fact that he had ever suffered with eczema.

Moles and warts removed without the knife.

Growing nails cured without removal of nail. Excessive sweating of armpits and feet and unpleasant odors cured from same cause.

Tapeworm expelled in a few hours. No preparatory treatment necessary, because administration of medicine, which is so free from disagreeable taste that children take it without hesitation. Expulsion of worm is guaranteed in every case.

The following is a case in point recently treated by the writer. T. H. Stewart called at my office June 5, present year, for treatment of tapeworm. Said he had suffered with tapeworm for four years and had been dosed with many remedies for its expulsion without success. I gave him my remedy at 9:27 a. m. and at 11 a. m., one hour and 33 minutes the entire parasite about forty feet in length, was expelled. He left my office a few minutes later feeling perfectly well.

HEMORRHOIDS.

Hemorrhoids or piles is a disease so universal I shall not discuss the causes or symptoms of the disease, but will cite a few extreme cases treated, with the results obtained, to show the advantages of modern conservative treatment of this disease.

The hyperdermic injection method is the one which I have employed, with three exceptions only, during the past six years and has proven of the utmost satisfaction in my hands, both to myself and patients. Dr. E. F. Hoyt, the great rectal specialist, of New York, says he has used the hyperdermic method in the treatment of over 20,000 cases of hemorrhoids without a fatal accident and adds, that "if this method was taught in all our medical colleges by men of experience and intelligence that all other methods of treating piles would soon lose recognition." It is not only the most conservative means of dealing with hemorrhoids, but it relieves the patient of the terrors of ether and chloroform, which have no place in the hyperdermic treatment of piles.

The following cases, the type of which I have had quite a number, will suffice to prove my contention in favor of the hyperdermic treatment of hemorrhoids.

over the more formidable ones in vogue, viz.: Knife and ligature, clamp and cauterization.

CASE 1—Albert Jenkins, Bowling Green, Ky., laborer, 62 years old, called at my office June 1899, to be treated for hemorrhoids, which he stated he had suffered with for forty years. For twenty years he said he had worn a T-shaped support to prevent his piles from protruding from the bowel at all times when in the upright position.

On examination three large pile tumors of the hind or internal variety were seen, one of which was as large as a small hen egg, the other two as large as English walnuts.

The largest tumor was treated first, and the patient returned to his daily labor. In two weeks he returned as per my request and there was not a vestige of the tumor treated to be seen. The other two tumors were then treated and he went away this time to return two weeks later, when an examination showed him entirely free from hemorrhoids.

This patient was not detained a single day from his work by the first treatment and only two or three days by the second and suffered but little pain.

CASE 2—J. S. Barnett, Bowling Green, Ky., farmer about 47 years of age, came to me for treatment of hemorrhoids, March 26, 1900. He stated that he had suffered with piles for many years and at that time was unable to plow or do other farm work. On examination several highly inflamed tumors were seen protruding from the bowel. He requested immediate treatment, which I gave, treating all the tumors at one sitting. I then advised him to go home and keep off his feet for a week and to report to me in about two weeks. He did as directed, and a complete and permanent cure resulted. He was ever afterwards loud in his praise of the treatment he had received.

CASE 3—T. T. Torrence, farmer, South Union, Ky., came to the writer for treatment of hemorrhoids of ten years' duration, in October, 1899. On examination two pile tumors were seen, as large as pigeon's eggs. The man had suffered so much and long, he consented readily to immediate treatment, which was given to one of the tumors, and he then returned to his home seventeen miles distant.

Two weeks later he returned for another treatment, the first tumor treated having entirely disappeared. The remaining pile was treated and he again went to his home. He did not return for several months, but when he did an inspection of the rectum disclosed two small stumps or fragments of the last tumor treated. The writer proposed treating these remaining fragments, but as they were making no trouble for him he declined any further interference. The above cases speak for themselves and need no further comments.

Respectfully,
G. N. MURPHY, M. D.,
Brook Hill Building, Paducah, Ky.

Accuracy.

Our Prescription Department is an object of precision. Not ordinary accuracy, but that which draws conclusions with fractions of a grain.

Our methods insure the exact proportion prescribed by your physician. This is an important thing to your doctor—more important to you.

Theatrical Notes.

The Casino, the Wallace Park summer theater, is now under the management of Jack Starkey, an all around show man, and the patronage is very good. Mr. Starkey has secured new features and the change of bill from last week is complete. The public is assured a clean, entertaining show, and Mr. Starkey's efforts to please will doubtless be rewarded. The crowds are above the average and satisfaction is always given.

The unpleasantness between the ambas of Morocco and the British government in connection with the confiscation of the property of a British subject will shortly be settled amicably.

BURIAL TODAY

ED GREENAWAY FORMERLY
LIVED IN PADUCAH, AND
MARRIED HERE.

J. Ed Greenaway, who was killed by a pole falling on him at Hardin, Marshall county, yesterday, formerly lived in Paducah and was for a time a printer. He also worked for the East Tennessee Telephone Company, and was well known here, marrying Miss Mollie Jeffrey near Searcy and Trimble streets last January.

He was assisting in putting up a pole for the Marshall County Telephone Company yesterday when the spike pole with which the poles are held in place while being raised, broke and the heavy pole crashed down on him, breaking his neck and crushing his skull. The remains were today buried at Wadesboro.

Hon. J. O. Speight, of Graves County.

DAILY THOUGHT.

I have ever held it as a maxim, never to do that through another, which it was possible for me to execute myself.—Montesquieu.

THE WEATHER.

Fair tonight and Thursday.

NEGLECTING PUBLIC HEALTH.

The people of Paducah who are continually complaining of bad sanitation, should try Henderson's plan. The city officials there, as here, have failed to do anything of consequence to promote the public health, and the ladies and other good, public-spirited citizens have taken up the cause.

A petition has been presented to the mayor and council, containing the following:

"Gentlemen—We, the undersigned citizens, respectfully petition your honorable body to cause the existing ordinances providing for the sanitary condition of the streets and alleys of the city to be FAITHFULLY enforced. If present ordinances are insufficient for this much needed reform, then we respectfully urge that new and adequate ones be established. To what extent this work should be done by abutting property owners or to what extent by the city at large, you, in your wisdom, can best determine; but we respectfully insist that the work should be adequately done in some way. We think that a continuous inspection of our streets and alleys should be instituted; that all filth and debris should be speedily removed upon their appearance, and that those who wantonly so litter our public ways should be promptly and severely dealt with. We think that during the growing season weeds should be cut in our streets and alleys as often as once a month; and we think that all owners of real estate in our midst should be required to maintain it in such a way as will not affect injuriously the health and decency of the city. We think that the public ways and private property of the city should be kept in at least as attentive a way as are the farming lands of good farmers.

"We most respectfully urge all the foregoing, not only for the health of the inhabitants, but on account of the decency and neatness of the city as well."

In Paducah we have laws against filthy premises, alleys, streets and gutters, but the conditions are something awful. There is an ordinance against sweeping dirt and trash from stores, and this is daily violated. Nevertheless, we have the prospect of an ordinance to prevent expectorating in public places. With the gutters full of filth, stagnant water, and the alleys and streets full of garbage, decaying rats and cats and vegetables, why waste time on the expectation until the greater evils are done away with?

The recent reported reverse of Russia in the far East seem to place peace farther away than ever. The czar can-

not now afford to quit. To say "enough" at this juncture would destroy for many years to come the Muscovite prestige on land and sea, and make Russia the helpless target of every predatory nation that happened to see anything of Russia's. It wanted Russia must obviously fight it out to the bitter end. As long as she has a man or a ship left, she must fight. The indications are that with the men and ships Russia now has on the scene she is doomed to defeat, as the Japanese have an enormous army ready for action, and are constantly being reinforced. The question is, after that what then?

Politics in Missouri is being enlivened by the spectacle of United States Senator Stone and Democratic nominee for governor, Folk, enlisting one another as prevaricators. Stone says Folk tried to form an alliance with the hoodler element of Democracy, which seems to constitute the greater part of it in Missouri, and Folk says he didn't. It is a clear fact, however, that several alleged hoodlers were nominated on the Folk ticket. The people's only safety is in doing what they are likely to do—elect the Republican ticket.

Gov. Vardaman, of Mississippi, has been fully exposed in regard to the editorial, which was the occasion recently of so much comment. He issued a statement purporting to be a disclaimer of authority or responsibility, but which was in reality, only a longwinded effort at evasion. A letter he wrote concerning the offensive publication has just been given out by the postoffice department showing that he did write it, and admitted it in the letter.

The mayor suddenly bobbed up into the limelight with the heroic and magnanimous declaration that the city assessor must swear property owners to their lists. The assessor says he has not been doing it, and the question suggests itself. Why was the mayor so long in finding it out, or if he knew it during his last three years' service, why didn't he require it done before?

Mayfield had another tragedy, Monday, and the Messenger says of the youth who did the shooting: "He was said to be drinking here Monday and with a pistol in his pocket made him more apt to get into trouble." What! Drinking in a town that has had no saloons for thirty years? Impossible!

It needn't make any difference to our able legislators about the security on which the bond money is loaned. The city depository is responsible for it, and loans it at its own risk, merely making the city a present of the interest, to which the bank is entitled, and which it could keep if it saw fit.

Those who have been laboring so hard and long for a new city hospital should not felicitate too soon. It is not built yet. There is many a slip—and it can never be determined with any degree of certainty what the administration is going to spring next.

The Democrats seem to realize that they have little hope of carrying New York, after all their boasting. Judge Parker's speech of acceptance was received so unfavorably throughout the country that they see nothing but failure ahead.

With Secretary Shaw and Senator Fairbanks making speeches for the Republican ticket, the Democrats are having bad attacks of ague, from which they will not soon recover.

If the book trust coughed up any bundle for the Kentucky campaign, it had better mark its bills.

CUT ORDERED.

New York, August 7.—The United States Steel corporation has ordered a cut ranging from six to twelve dollars a ton in wire products. This will cut down the incomes of subsidiary companies, that are manufacturing the product from six to twelve million dollars a year.

—There will be a union meeting of the Golden Cross at K. P. hall tomorrow night.

ABILENA

Abilena is a natural water. It holds in solution salts (disclosed from natural deposits in the earth). It is a nature's cathartic compound—a natural mineral water. Mineral waters are recognized everywhere as the most efficient, as well as the least injurious, cathartics. Abilena is the best mineral water on the American market. It is The American Natural Cathartic. The discovery of Abilena was a simple revelation of nature. For a long time after the first well was dug, the water, being unfit for domestic purposes, was not used at all. Practically tests afterward disclosed its medicinal properties and the report of its virtue was rapidly disseminated. Finally several chemists analyzed the water and the results manifested its great therapeutic value and preindicated its future renown. Sold only by

McPherson's
Drug Store.

AUDITOR HAGER IS STILL AFTER LUCAS

Writes a Letter to the Owensboro Authorities.

Says He Has Removed Him—The Question to Come up There Tomorrow.

333 CASES IN DAVIESS COUNTY.

Auditor Hager is still hot after Frank Lucas, of Paducah, who claims to be Auditor's agent for the State at large. Yesterday's Owensboro Inquirer says: "Auditor's Agent Frank A. Lucas is here prosecuting the cases against those failing to list property. There are in all 333 of these cases in Daviess county, about fifty of which were filed by the county agents, Messrs. Hays and Clark, the largest of which is against the Handing Distilling company, for \$150,000, for four years back taxes. This suit was filed by the local agents.

The forenoon was spent by Judge Triplett in calling the docket of these cases and a large number of them were disposed of, 125 being dismissed, and others were continued until Thursday, when the defendants will make their defense. In some of the cases where there was no protest, judgment was entered against them, and the property in question was ordered listed for taxation.

There seems to be some doubt as to whether or not Mr. Lucas is the auditor's agent, and it is quite likely that this point will be raised Thursday.

Mr. Lucas was appointed by Auditor Conliffe to serve four years, and this time has not yet expired, and he claims that the present auditor, W. S. Hager, has not the power to remove him from office, while on the other hand Mr. Hager claims that he has the authority to remove Lucas as revenue agent and has issued an order removing him.

The following letter was received here by Sheriff W. L. Short in regard to this question.

Frankfort, Ky., Aug. 15, 1904.
Mr. W. L. Short,
Owensboro, Ky.:

Dear Sir—Mr. Frank A. Lucas, a former revenue agent for the state at large has been removed by me from office. I understand that he is attempting to continue in office, and I write you this to give you formal notice of his removal from the position, in the event that he should place official papers in your hands for service.

Yours Truly,
S. W. HAGER, Auditor.

Sheriff Lee Potter today received the following letter:

Frankfort, Ky., Aug. 15, 1904.
Sheriff L. D. Potter,
Paducah, Ky.:

My Dear Sir—I wish to notify you that Mr. Frank Lucas, who is attempting to act in the capacity of Revenue Agent for the State at Large, was removed from that office by me on the 20th of June, and James Campbell, Jr. was appointed to fill the vacancy.

As sheriff of your county, you will therefore not recognize Lucas as Revenue Agent.

Very Truly Yours,
S. W. HAGER, Auditor.

Mr. Lucas has been temporarily enjoined from acting as Auditor's Agent in Henderson county, the sheriff of that county having received the same instructions, and refused to serve Mr. Lucas' papers in several suits filed.

It seems the state auditor has sent the letters to sheriffs all over the state with a hope of preventing Mr. Lucas from getting any of his papers served.

Mr. Lucas is out of the city today, and it is not known how he will meet this last move of the auditor.

TO-DAY'S ARRESTS

SEVERAL PERSONS TAKEN UP FOR MINOR OFFENSES.

Jim Wagner was arrested this afternoon for drunkenness. He had a "crying jag," and his wails could be heard for more than a block as he was being taken to the city hall.

John Lerrin, white, was arrested for drunkenness.

Roy Walker and Fred Butler, white, exconvicts from Carterville, Ill., were arrested today for being drunk.

In a battle between German troops and Hereros in German Southwest Africa the natives were defeated with heavy losses.

Our DALMATIAN INSECT POW-DES will keep all kinds of insects out of your house, if used according to directions.
DuBois, Kolb & Co.'s

HO, THE STATUE TURNING TO LIFE!

Board of Health Emerged From Long Retirement Yesterday.

A Call Made on the Mayor, Who Promised to Co-operate With the Members.

HEALTH OFFICER GRAVES BUSY.

Mayor D. A. Yeiser was surprised to receive a call from Health Officer, W. T. Graves and members of the long-dormant board of health yesterday afternoon late. The board meets no oftener than it can help, because its efforts are not appreciated and it can never secure and cooperation, it has always been claimed.

There have been so many vigorous protests lately against the unsanitary condition of the city, however, that the doctors have decided something may be accomplished by striking while the iron is hot. The Board of Health called in the mayor yesterday, however, about smallpox.

Health Officer Graves and Drs. J. H. Robertson, H. T. Rivers and C. H. Brothman were those present.

The Health Officer wanted some definite authority to act in certain contingencies. In the case of Rev. J. L. Perryman's son having a mild case of smallpox, on Bronson avenue, the patient objected to going to the pest house. The Health Officer was instructed to do what he deemed necessary.

The general condition of the city was not discussed, but the mayor gave the members to understand that they would receive his and the city's support and cooperation in any move they may make to carry out the law.

The Health Officer was authorized to have removed to the pest house any patient whose presence in the city or any part of the city, jeopardized the health of others to a serious enough extent to justify the removal. He was likewise told to establish a quarantine whenever or wherever he deemed it necessary and the whole board was pledged the cooperation of the city in enforcing the laws for good health and sanitation.

Health Officer Graves intends to clean up the city. He wanted the support of the city and now that he has been assured it, he will try it. According to the report, he intends to urge the city to appoint more sanitary officers and give the city a thorough cleaning. Merchants and residents who have been away visiting other cities this summer, all speak of the comparative uncleanliness of Paducah, and with the aid of the municipal officers and the expenditure of a few dollars, will guarantee to place Paducah among the cleanest cities in the country.

CROP REPORTS

INJURY TO CROP FROM DROUGHT IS REPORTED IN MANY PLACES.

The following is the crop report for the week:

The temperature a very rapid about normal during the week. Good show-ers were reported in many localities in the central and eastern portions of the state, but the drought is becoming very severe in the western portion.

Corn has been severely injured in the western section. Gardens are dried out and pastures are burning up.

Tobacco is drying and is seriously injured in the dark tobacco districts, but in the burley districts showers have occurred and the general average is better.

In the localities visited by good showers the corn is very fine and all crops are good.

Wheat threshing is about completed and a good yield of excellent quality is reported.

Oats are about all threshed and a fairly good crop has been secured.

Irish and sweet potatoes are in good condition, except in the drought stricken districts.

Fruit continues to drop and deteriorate in quality. Apples will be a short crop and defective, and peaches will be scarce.

Plowing for wheat has been started, but in most localities the ground is too dry to work.

Farm work is generally well up.

LICENSED TO MARRY.

S. B. Ward, of the county age 32, and Ida Smith, of the city, age 28, have been licensed to wed. It will make the second marriage of both.

The Idaho Democratic State convention refused to adopt a plank denouncing the practice of polygamy.

Tired, Tired Tired. That one word tells the whole story. No rest. No comfort. All tired out. Fortunately, physicians know about Ayer's Sarsaparilla. They prescribe it for exhaustion, anemia. J. C. Ayer & Co., Lowell, Mass.

How About Another PAIR OF SHOES To Tide Over Summer?

Many a shoe is run down at the heels these days and much of summer remains.

Maybe your purse is in the same condition, but don't worry. Lendler & Lydon replace "run-down-at-the-heel" shoes in a way that's a tonic to "run-down-at-the-heel" purses.

But now we are running down the price on men's and women's Low Cut Shoes.

Lendler & Lydon

S. S. EXCURSION

SIX COACHES FULL OF VISITORS FROM SOUTHERN ILLINOIS HERE TODAY.

Six coaches of excursionists from Carterville, Muncyphoro, and way stations arrived here at noon today over the Illinois Central. The excursion was given by the Sunday School of the First Methodist church of Carterville, and was under the direction of Rev. J. C. Blizard, pastor of this church.

The Sunday school room of the Broadway Methodist church was thrown open to the visitors, and a committee of the ladies of the church met them. Ice water was provided and the visitors made to feel at home,

many eating their lunches there. Mayor Yeiser called at the church to extend an informal welcome to the city.

The excursionists were accompanied by a band, which gave an open air concert this afternoon at Wallace Park. The party will leave this evening at 5 o'clock for home.

SMALL BLAZE TODAY.

The Central fire department was called to Twelfth and Jackson streets today at noon to extinguish a small blaze in the kitchen of Mrs. Alloo Overstreet's residence. The fire originated from a defective stove and little damage was done.

Mr. Will Dike, the tailor is out again after a week's illness of malarial fever. His many friends will be pleased to learn of his recovery.

LOCAL LINEA

Subscribe for The Sun

—For Dr. Pendley ring 416.

—Mrs. E. L. Whitesides, osteopath 115 North Sixth. Both phones 761.

—Miss Gussie Smith, stenographer and notary public, 118 S. Fourth St. If your cook leaves you a Sun want ad will find you another.

—Lax-Fos keeps your whole insides right. Your druggist sells it on the money back plan. Price 50c.

—The Palmer Transfer Co. can furnish you with up-to-date, first class delivery rigs, spirited horses for fancy driving. Gentle horses for ladies.

—Colonel R. G. Caldwell continues quite ill and has been removed from the home of his son-in-law, Mr. Star Milam, to that of his son, Mr. James Caldwell, 1497 Jefferson street.

—The action of calomel on the liver is so terrific that you are disqualified for business. Lax-Fos gives better and quicker results by acting gently on the stomach, kidneys, liver and bowels all at once. Never sickens or gripes. Price 50 cents.

—R. D. Clements & Co. have the newest books out for autumn reading. The Cost, The Crossing, The Castaway, and The Yoke. Also many others at lowest prices.

Superintendent Public Works
(Of Lexington, Ky., Says):
"Peruna is an Excellent Medicine."

J. H. HIPPELGATE.

J. H. Hippelgate, Supt. of Public Works, 61 West 11th St., Lexington, Ky., writes:

"I find that Peruna is an excellent medicine especially for catarrhal affections and all diseases leading to consumption, bronchial troubles or stomach troubles. It also acts as a preventative and keeps the system in a healthy condition so that it easily throws off disease. It is an excellent tonic and a great appetizer and as a large number of those who have been using it speak very highly of its curative powers, I am satisfied that my opinion of it is correct, and that it is deserving of high praise."

—J. H. Hippelgate.

Peruna is the remedy for catarrh. As most everybody knows that by hearsay and thousands know it by experience, catarrh in its various forms is rapidly becoming a national curse. An uncoupled remedy has been discovered by Dr. Hartman. This remedy has been thoroughly tested during the past forty years. Peruna cures catarrh in all phases and stages. There is no remedy that can be substituted.

If you do not desire prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address: Dr. Hartman, President of The Hartman Sanatorium, Columbus, O.

CHINESE WIVES HIGH.

Getting Now So Only the Wealthiest of the Celestials Can Afford the Luxury of a Wife.

Los Angeles, Cal., August 16.—The Chinese extension act is working to the financial disadvantage of would-be beneficiaries. The price of wives is being rapidly advanced, till it is getting so that only the wealthy can afford the luxury of a wife.

The proportion of women among the Chinese is small. The percentage of unmarried women is much smaller. There are, it is estimated, about twenty bachelors to one maid. Consequently, competition is running strong.

Not long ago, a fairly pretty and talented wife could be purchased for \$300. Now the very ordinary brand is rated at \$800, or \$900, and some of the choice articles bring as high as \$1200 and \$1500. Think of that! An expenditure of \$1,500 and not an article of furniture in the house.

It is rumored that there is a syndicate formed to corner the wife market, that every marriageable woman is to be questioned by this syndicate, and any negotiations for a woman must be made through this combination.

10,000 RATTLES.

"Reptile" King Receives Big Order From Europe for Skins.

Stroudsburg, Pa., August 16.—"Recent ly I got an order from a European firm for 10,000 rattlesnake skins," said that fabled Jones, the "reptile king," who lives back of Anadomick. "It is a big consignment. Over in Pike I've got eight men catching snakes for me and, though they are plentiful, it will take some time to catch them and tan their hides."

Jones, who has been tanning skins for years, says there is little danger from a rattler's bite now, because the poison glands are weak.

RUBBER FORESTS.

Discovery in Brazil May Affect Market for Product.

Washington, August 16.—Vast forests of Manicoba rubber trees, which may in time affect the rubber market, have been discovered in Brazil, according to a report from H. W. Frazar, United States consul at Bahia. The area covered by the trees is said to be very large, but cannot be defined, as the region has not been fully explored. As the investigation proceeds there comes from time to time notice of other sections where like trees grow in profusion.

Some men are never happy except when they think how much worse the other fellow has it.

HIGH OFFICIALS DUE HERE TODAY

General Manager Harahan and
Others Coming.

They are Making an Inspection Trip
and Travel By Special Train
in Private Cars.

BIG ENGINE RAISED AGAIN.

Paducah will this afternoon be visited by several big officials of the Illinois Central road, and they will probably remain in the city several hours.

Local officials have received notice that a special train will move from Evansville via House Branch this morning, arriving in Paducah about 4 o'clock. On the special are W. J. Harahan, general manager of the road; I. G. Ryan, assistant general manager; H. C. Wallace, chief engineer and H. McCourt, assistant general manager of southern lines.

Each official travels in his special car, making the four private cars the train is made up of. The business of the officials here means nothing of importance other than a mere inspection, it is said. The improvement on the Louisville division and in Paducah, are claiming the attention of the officials.

Superintendent A. H. Egan and Roadmaster F. L. Thompson, of the Louisville division, will probably meet the party at House Branch and come to Paducah with the officials.

William Keller, gardener for the Louisville division of the I. C., is in the city working the local lawns and flower beds.

Engine No. 38, wrecked just east of the I. C. depot Monday afternoon, was gotten on the track again yesterday afternoon about 3 o'clock and is now in the shop yards waiting to be repaired. The big machine is pretty badly damaged.

Mr. J. J. Gavin, of Fulton, superintendent of the Tennessee division of the Illinois Central, and Mr. C. W. Stockdale, general foreman of construction of telegraph, of Chicago, are in the city to meet General Manager Harahan and party this afternoon.

Mr. Stockdale is here also to look after the work on the block system. The telegraph officials are moving rather fast in and about Paducah since the block system has been under course of construction.

POLICE COURT

ALLEGED THIEVES HELD FOR BOX CAR BREAKING.

Police Judge D. L. Sanders was in an excellent humor this morning when he opened police court, having just returned after a weeks sojourn at Echo Springs, and the first offender to face him was George Hall.

The evidence in the case shows that the defendant, who lives at 915 Flouey avenue, got a little too much essence of trouble under his belt and tried to tear up the house, foundation and all. Judge Sanders assessed a fine of \$10 on Hall.

Mose Robertson and John Thomas, colored, "got theirs." They needed floor and borrowed a little out of a box car which had been side tracked near the Baker & Eccles store on South First street. The negroes were unable to give a \$300 bond for breaking into a box car.

Charles Rhodes, charged with stealing a watch from Margaret Wood, chamberlain on the Dick Fowler, got another continuance.

Mike Hardin, colored, was fined \$1 and findings for drunkenness.

CURES SCIATICA.

Rev. W. L. Riley, L. L. D., Cuba, New York, writes: "After fifteen days of excruciating pain from sciatica rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment; the first application giving my first relief and the second entire relief. I can give it unqualified recommendation." 25c, 50c, \$1.00. DuBois, Kolb & Co.

BANKRUPTCY PETITION.

Joseph Alexander Keeling, of Calvert City, filed a petition in bankruptcy this morning in the office of United States Clerk J. R. Paryear. His liabilities are \$750. He has no assets.

God can make more out of a weak man than he can out of a wealthy one.

TAGGART'S TROUBLES

Democracy Has Struck a Snag
in New York.

It is Realized that the State Will
Easily go in Favor of
the Republicans.

Brooklyn, Aug. 10. Chairman Taggart, of the Democratic National Committee, is becoming more and more anxious over the New York State situation every day, says the Standard Union. The reports of the progress of Loy Odell's organizations are most promising and the Democratic leaders are endeavoring to strengthen their up-State lines. It appears that Chairman Taggart has not the confidence in the State organization without some assistance from the National Committee.

Word was circulated among the Democrats in the Hoffman House that the National Committee is to have a new bureau to take care of the up-State interests. Chairman Taggart is to name for this bureau ex Mayor James K. McGuire, of Syracuse, who has served in past years as State Executive Chairman. Those who were most interested in the coming appointment say that William F. Sheehan was not consulted and knew nothing of Chairman Taggart's plan.

Ex Mayor McGuire has been granted three months' leave of absence from business to take up the campaign work. He is connected with a large Philadelphia asphalt concern.

BAD BOYS

COST RAILROAD MEN CONSID-
ERABLE TROUBLE AND
EXPENSE.

Two railroad men hired a horse and buggy from a liveryman last night and hid themselves to the fair grounds to witness the night exhibition.

They tied the horse outside the grounds and in their absence some unknown youngster got into the buggy and took a ride. The horse ran away, the youngsters claim, and damaged the buggy. When the vehicle was returned to the railroad men it was pretty badly used, but Judge Sanders didn't think the offense of such a serious nature as to issue a warrant.

The railroad men whose names were not secured by the police will probably have to stand the expense of repairs to the vehicle.

TWO INDICTED

BALLARD COUNTY FIGHT IN
VESTIGATED AT WICKLIFFE.

The grand jury at Wickliffe has returned indictments against George and J. H. Miller for malicious cutting.

It will be remembered that the Millers and J. H. Hendricks had a fight near Mount City and when arraigned in court at Barlow before a magistrate, had another general fight in which Hendricks is alleged to have used his knife rather freely. Hendricks himself was pretty badly used in the melee and was laid up for some time.

PADUCAH CHOIR

Won a Novel Contest at May-
field Sunday.

A Singing Contest Between Colored
Churches of the Two
Cities.

Sunday afternoon there was an animated and novel contest at the south house between the church choirs of the colored Baptist church of Paducah and Mayfield, says the Mayfield Messenger.

This singing match between these two choirs had been on for some time, but it never came off until Sunday afternoon.

The members of the two choirs met, numbering each ten or twelve persons. Each would sing a song of its own selection until four or five songs had been sung by each choir, then another song was selected when one verse was sung by the Paducah choir and the next one by the Mayfield choir and so on until all of the songs were sung.

Instrumental music was made up on a fine piano that was provided for the occasion, by colored musicians from each city. The contest was lively and orderly and better music is seldom heard than was made by these two church choirs.

At the close of the program the decision was left to the audience to decide and upon a vote being taken the victory was given to the Paducah choir by a very safe majority.

MORGAN'S MEN ARE HOLDING A REUNION

Several Paducahans are Among
the Survivors.

Many of the Veterans Gather at Car-
lisle, Ky., to Recount Experiences
in the Company Divisions.

SOME OF THE LIVING OFFICERS.

A big reunion of survivors of Morgan's division, Confederate Veterans, is being held today to continue through tomorrow, at Carlisle, Ky., and while there are a number of Paducahans who were in that division they could not attend the reunion.

Among those here whose names are on the roll of the local Camp Confederate Veterans, as survivors of Morgan's division, are:

Messrs. Stewart Dick, R. H. Scott, J. W. Hedges, T. B. Pearson and T. A. Hays.

Gen. Basil W. Duke is the president of the organization and the vice-presidents are Col. James B. Bowles, Judge Michael Jandley and Major H. S. Tenney.

Morgan's command began with the three companies and ended with ten regiments.

Gen. John Morgan was the commander, and after the command had become a division the first brigade was commanded by Col. (later Brig. Gen.) Basil W. Duke, and the second brigade by Col. (later Brig. Gen.) Adam B. Johnson. This was the personnel of the general officers at the time of the famous Ohio raid.

During the period when the command was fullest, there were 5,000 men under the leadership of the distinguished officers, and between 500 and 600 men lost their lives during the war, extensive of officers.

The command was made up of the Second, Third, Fifth, Sixth, Eighth, Ninth, Tenth, Eleventh and Twelfth Kentucky cavalry regiments, C. S. A., and the Ninth Tennessee cavalry. The colonels who commanded these regiments were as follows:

The first colonel of the Second Kentucky cavalry was John H. Morgan. The second colonel was Basil W. Duke. The third colonel was James B. Bowles.

The Third Kentucky cavalry was commanded first by Col. (afterward Brig. Gen.) Richard M. Hano; then by Col. John W. Hoffman.

The Fifth cavalry was commanded by Col. B. Howard Smith. The Sixth by Col. Warren S. Grady. The Eighth by Col. Leroy S. Choke; then by Col. (now Colonel) the Ninth was commanded by Col. W. C. P. Brockenkridge. The Tenth by Col. (afterward Brig. Gen.) A. B. Johnson; then by Col. Robert W. Martin. The Eleventh, first by Col. E. C. Chennault; then by Col. Joseph E. Tucker. The Fourteenth by Col. H. T. Morgan, and the Ninth Tennessee cavalry by Col. W. W. Ward.

Of these regimental commanders the following alone are now living: Basil W. Duke, Adam B. Johnson, Richard M. Hano, James B. Bowles, W. C. P. Brockenkridge, Leroy Coleman and R. C. Morgan.

COTTON PLANTING IN OLD KENTUCKY

Indications That it Will be Sur-
cessful.

Four Thousand Acres Planted in Graves,
Carlisle and Fulton—Crop Ready
to Pick in Three Weeks.

A PROMISING NEW INDUSTRY

Cotton raising promises to become a success in Graves and neighboring counties, according to the Mayfield Mirror. Some of the embryo cotton bolls from the green and thriving plants have been taken to Mayfield and placed on exhibition, and the people are very enthusiastic over the outlook.

The green plants are now growing finely to maturity in the Dublin cotton belt of Graves county. There are in that district 3,000 acres that will be ginned by W. T. Lowe's machinery at Dublin. Mr. Lowe is installing an outfit for ginning the staple, the cost of which will approximate \$4,000, and will be ready for the industry by the time the crop of raw cotton is ready to go to the gin. Mr. Melvin Albritton in the Dublin district is one of the largest cotton planters. His crop will be ready for the pickers in a few days. He could cash his prospect at \$2.75 for September delivery. All cotton in Dublin territory is forward, but twenty-one days behind Mississippi cotton in the opening of the boll. The green bolls average in measurements five and a quarter by six inches in circumference, and will develop a much finer grade of short cotton than that of Texas or Mississippi, and will, therefore command a higher price.

There were 1,375 bushels of cotton seed sold by one firm in Graves county last March, and it is highly probable that all will be a result of the present experiment tie on to the cultivation of cotton in this county.

The counties of Graves, Fulton and Carlisle are the only ones in the state trying the planting of cotton. There are about four thousand acres planted in these counties.

HERBINE

Restores the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and the over-indulgence in food and drink. Herbine acts quickly, a dose after meals will bring the patient in to a good condition in a few days.

G. L. Caldwell, Apt. M. K. and T. R. R., Chocoma, Ind., Ter., writes, April 1, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." 50c. DuBois, Kolb & Co.

THE TERRIBLE TURK.

Alas, the Turk, fined \$30 Monday for assaulting Jim Robinson, the cook, became suddenly ill on the chain gang yesterday afternoon at Eleventh and Barnett streets and had to be taken to the city hospital for treatment. He says he has had such attacks for some time, and that they are from heart disease. He will probably not be able to work again for several days.

STOP THAT COUGH!

When a cough, a choking or an irritation in the throat makes you feel uncomfortable, take Ballard's Horehound Syrup. Don't wait until the disease has gone beyond control. Mr. and Mrs. J. A. Anderson, 534 West Fifth street, Salt Lake City, Utah, writes: "We think Ballard's Horehound Syrup the best medicine for coughs and colds. We have used it for several years; it always gives immediate relief, is very pleasant and gives perfect satisfaction." 25c, 50c, \$1.00. DuBois, Kolb & Co.

LEADING ATTORNEYS.

Jos. R. Grogan, Attorney at law, room 402 Fraternity building. Phone 656.

Taylor & Lucas, rooms 203-205 Fraternity building. Both phones 656.

Bugby & Martin, No. 235 South Fourth street, up stairs.

The Colorado Democratic State convention will be held at Denver on September 21.

SORES AND ULCERS SHOW A BAD CONDITION OF THE BLOOD

When the blood is in bad condition a little, cut, scorch, or any slight injury to the flesh, is apt to become an ugly-looking sore or ulcer. Sometimes a boil, blister or pimple is the beginning of a large eating ulcer or open, discharging sore. Often the blood is naturally bad, and is that way from birth, and such people suffer with various kinds of sores from infancy through old age. The blood may become so weak and watery from the effects of malarial sickness, debility or some chronic trouble, that the impurities break out in bad sores on the lower extremities or other part of the body. There is always some morbid, unhealthy matter in the blood that keeps the sore discharging, and must be gotten out before it will heal. Washes and salves, while cleansing, soothing and helpful, will not do it, because they do not reach the poisoned blood; but S. S. S. cleanses and purifies the diseased blood, and when this is accomplished the place heals. Where the health has been impaired it restores strength and vigor to the system, improves the appetite and digestion, and tones up the nerves. Purifying the blood is the surest way to get rid of an old sore or ulcer. Medical advice is free.

A common boil appeared on the calf of my right leg. I used the simple home remedies but the place refused to heal. The physician I consulted did me no good. My leg was a solid sore from calf to ankle, and I then began S. S. S. and I improved rapidly, but in attack of tripled fever again in the original sore, became a lock. I began it again as soon as I was over the fever, and was completely and permanently cured.

"But there's one thing," continued Wilbur; "if I'm to have my head a little, as you say, you'll find we can get along better if you put me to rights about this whole business. Why was I brought aboard, why are there only Chinese along, where are we going, what are we going to do, and how long are we going to be gone?"

Kitchell spat over the side and then sneaked the needle from his mustache. "Well," he said, resuming his pipe, "it's like this, son: This ship belongs to one of the Chinese trading companies of San Francisco. Charlie here is one of the shareholders in the business. We go down here twice a year off Cape San Lucas, Lower California, and fish for blue sharks, or what, if we like ketch 'em. We get the bladders of these and try out the oil, and we bring back that same oil, and the Chinese want it all over San Francisco as shown pure cod liver oil, savvy? And it pays like a nitrate bed. I come in because it's a custom house regulation that no cod liver oil can be taken out of China."

"And how do I come in?" asked Wilbur. "See dear friend Jim put a knock piece down into your Manhattan cock tail. It's a compound filled with a drug you were slaughtered, son," said the captain finally.

About an hour later Wilbur turned in. Kitchell showed him his bunk with its "donkey's breakfast" and single ill smelling blanket. It was located under the companionway that led down into the cabin. Kitchell looked on one side, Charlie on the other. A laced deck table, covered with oilcloth and ironed to the floor, a swinging lamp, two chairs, a rack of books, a chest or two and a dining picture cut from the advertisement of a ballet was the room's inventory in the matter of furniture and ornament.

Wilbur sat on the edge of his bunk before undressing, reviewing the extraordinary events of the day. In a moment he was aware of a movement in one of the other two bunks and presently made out Charlie lying on his side and holding in the flame of an alcohol lamp a skewer on which some brown and sticky stuff boiled and sizzled. He transferred the stuff to the bowl of a huge pipe and drew on it twice, or three. In another moment he had sunk back in his bunk nearly senseless, but with a long breath of an almost blissful contentment.

"Best," muttered Wilbur, with profound disgust. He threw off his blanket and felt in the pocket of his waistcoat, which he had retained when he had changed his clothes in the fore-cabin, for his watch. He drew it out. It was just 9 o'clock. All at once an idea occurred to him. He fumbled in another pocket of the waistcoat and brought out one of his calling cards.

For a moment Wilbur remained motionless, seated on the bunk ledge, smiling grimly, while his glance was dazed now to the sordid cabin of the Bertha Miller and the opium drugged rooming apartment on the "donkey's breakfast" and now to the card in his hand on which a few hours ago he had written:

"First waltz—Jo."

CHAPTER III.

ANOTHER day passed, then two. Before Wilbur knew it he had settled himself to his new life, and woke one morning to the realization that he was positively enjoying himself. Daily the weather grew warmer. The fifth day out from San Francisco it was actually hot. The pitch grew soft in the Bertha Miller's deck seams; the masts sweated resin. The Chinamen went about the decks wearing but their jeans and blouses. Kitchell had long since abandoned his coat and vest. Wilbur's diskias became intolerable, and he was at last constrained to trade his pocketknife to Charlie for a suit of jeans and wicker sandals such as the coolies wore, and odd enough he looked in them.

The captain instructed him in steering and even promised to show him the use of the sextant and how to take an observation in the fake short and easy counting style of navigation. Furthermore, he showed him how to read the log and the manner of keeping the dead reckoning.

During most of his watches Wilbur was engaged in painting the inside of the cabin, door panels, linoleum and the few scattered moldings, and toward the middle of the first week out, when the Bertha Miller was in the latitude of Point Conception, he and three Chinamen, under Kitchell's direction, rattled down the fore rigging and affixed the crew's tent upon the foremast. The next morning during Charlie's watch on deck a Chinaman was sent up into the crew's nest, and from that time on there was always a lookout maintained from the masthead.

More than once Wilbur looked around him at the empty cornering indigo of the ocean floor, wondering at the necessity of the lookout, and finally expressed his curiosity to Kitchell. The captain had by now taken not a little to Wilbur, at first for the sake of a white man's company and afterward because he began to place a certain vague re-

liance upon Wilbur's judgment. Kitchell had remarked as how he had brains. "Well, you see, son," Kitchell had explained to Wilbur, "us-tensible we are after shark liver oil, and so we are, but also we are on any lay that turns up—ready for any game from wrecking to burglary. Strike me, if I haven't thought of scuttling the dough dish for her insurance. There's regular trade, son, to be done in ships, and then there's pickin' an' pickin' an' pickin'. Lord! The ocean's rich with pickin's. Do you know there's millions made out of the day-bree and refuse of a big city? How about an ocean's day-bree? Just chew on that notion a turn. An' as fur a lookout, lemme tell you, son, eat your eye out you." And he swept the sea with a forenoon. "Nothin', hey? So it looks, but lemme tell you, son, there ain't no manner of place on the ball of dirt where you're likely to run up about so many things—unexpected things—as at sea. When you're clear of land lay to this here prospect—'A million to one on the unexpected.'"

(TO BE CONTINUED.)

MONEY TOO CHEAP

MEMPHIS SPORTS PLAY FOR TOBACCO TAGS.

A well known local sport was surprised to Memphis the other day when he went into a gambling house in that city to enjoy a few bores excitement in a poker game, to find that instead of money, the players were playing for tags taken from the sacks of smoking tobacco.

The tobacco companies have inaugurated competitive features, and the tags are saved and collected by hundreds of people in every city and village, until even the gamblers are playing for tags. The local sport stated that he saw one game where the bets were run as high as 15,000 coupons. This number will entitle the holder to a premium of such value that the players work with just as much energy as if it was real money they were playing for.

RHEUMATISM.
When pain or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop., Sullivan House, El Reno, O., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c, \$1.00. DeBois, Kolb & Co.

SEVERAL CIRCUSES COMING.
The advance agent of Wallace's circus is due in Paducah now. The circus will be here September 16th but it is understood that two others are also coming to Paducah this fall, John Robinson and Sells Brothers, although the dates are not known.

Pain Weakens

And Destroys the Nerves.

Do you know that pain is simply the nerves crying for help?

Has it ever occurred to you that pain weakens and destroys the nervous system?

For this reason you should not promptly in every case of headache, backache, stomach ache, sciatica, rheumatism, neuralgia, toothache, and all other pain.

Dr. Miles' Anti-Pain Pills will relieve pain almost instantly, because they act in a natural and harmless manner upon the nervous system, and relieve the conditions which cause the pain.

While very prompt and effective in their action, they do not affect the bowels in the least, are perfectly harmless, and leave no disagreeable after-effects.

Delicate women who suffer from headache, bearing-down and periodical pains, can use them with impunity. You may also give them to children with the assurance that while they will relieve, they cannot possibly harm.

"Dr. Miles' Anti-Pain Pills never fail to cure headache, pain in back of neck, cold pains, neuralgia, or in fact any pain. I have taken them with best results, and have given them to others; they never disappoint."—

GILBERT H. ROUSE, Milford Center, Ohio.

For Kidneys, Bladder and Rheumatism

New Discovery by Which All Can Now Easily Cure Themselves at Home—Does Away With Surgical Operations—Positively Cures Bright's Disease and Worst Cases of Rheumatism—Thousands Already Cured—Note Advertisers.

TRIAL TREATMENT AND 64-PAGE BOOK FREE

At last there is a scientific way to cure your self of any kidney, bladder or rheumatic disease in a very short time in your own home and without the expense of doctors, druggists or surgeons. The credit belongs to Dr. Edwin Furber, a noted French-American physician and scientist who has made a life-long study of

these diseases and is now in sole possession of certain ingredients which have all along been needed and without which cures were impossible. The doctor seems justified in his strong statements as the treatment has been thoroughly investigated by leading hospitals, hospitals, sanitarians, etc., and has been found to be all that is claimed for it. It contains nothing harmful but never fails to cure. Bright's disease, diabetes, dropsy, gravel, weak back, pain in the bladder, bladder, frequent desire to urinate, albuminuria, sugar in the urine, pain in the back, legs, sides and over the kidneys, swelling of the feet and ankles, retention of urine, scalding, getting up at night, pain in the bladder, weeping the bed and such rheumatic affections as sciatica, mus. nlar or lathamatory rheumatism, sciatica, rheumatic neuralgia, lumbago, gout, etc., which are now known to be due entirely to acid poison in the kidneys, in short, every form of kidney, bladder or urinary trouble in man, woman or child.

That the ingredients will do all this is the opinion of such authorities as Dr. Wilks of Guy's Hospital, London, the editors of the United States Dispensary, and the American Pharmacopoeia, each official works. Dr. H. C. Wood, member of the National Academy of Science and a long list of others who speak of it in the highest terms. But all this more is explained in a 64-page illustrated book which sets forth the doctor's original views and goes deeply into the subject of kidney, bladder and rheumatic diseases. It wants you to have this book as well as a trial of his discovery. It is a book that will cure you if you follow its directions. It is a book that will cure you if you follow its directions. It is a book that will cure you if you follow its directions.

It would seem that any reader so afflicted should write the company at once since no money is involved and the inducements are from such a high and trustworthy source.

VERY IRREGULAR

THERE ARE SOME BLOCKS IN PADUCAH 600 FEET LONG.

Former City Engineer James Wilcox says that Paducah was not laid off with a view to uniformity or regularity, and that this accounts for some of the extra long blocks. The Bureau yesterday stated that the blocks from Broadway to Kentucky Avenue were all, from the river out, 360 feet long instead of 346.6 feet.

Engineer Wilcox states that there are other blocks still longer. The blocks running from Clark to Adams are all 400 feet long, and those from Adams to Jackson are 423 feet long, while beyond these are some under 346.6 feet.

There are other blocks such as the one on which is Colonel L. D. Hosbands' residence on Jefferson street, as long as 600 feet, almost two regular blocks in length.

KENTUCKIANS MARRY.

St. Louis, Mo., Aug. 17.—Elgar Rice and Clara M. Lovell, both of Greenville, Ky., waited at Clayton until after midnight when they were married at the Clayton house by Rev. Adolph Werry, a guest of the hotel. They made application for a license during the afternoon but the recorder refused to issue the document on Sunday.

The distilling house of the chemical plant of the Cleveland Cliffs Iron Company, was struck by lightning and destroyed, entailing a loss of \$150,000.

Use Shoffner's Sure Cure

The Great Tonic and Blood Purifier—Cures Indigestion, Dyspepsia and Catarrh.

It is a trile and true saying that the "blood is the life." Now where does the blood come from? Everybody knows, or should know, that it comes from the nutritive elements extracted by the stomach from the food we eat. If the digestive organs do not perform their functions by reason of disease germs, there is no nutrition extracted, and the food might better be thrown in the dump to decay and breed germs in the open air than to remain in the stomach and become a rotten, putrid mass, as it naturally does if there is no digestion. No disease germ can live and find lodgment in a human body that uses the Shoffner's Sure Cure. Price \$1.00.

What People Say of the Shoffner's Sure Cure.

PADUCAH, Ky., March 5, 1903.
To Whom It May Concern:
This is to certify that I was a sufferer with indigestion for five years and could get no relief until I bought one bottle of Shoffner's Sure Cure, and it helped me so much that I took six bottles, and it has cured me sound and well, thank you to the Shoffner's Sure Cure.
MRS. JOHN SNEDELY, 806 S. Third St.

If after using one bottle according to directions you are not benefited, your money will be refunded.

We are also offering in this sale some big values at \$2.98 and \$3.98. Original price \$5.00 and \$7.50.

430 BROADWAY**FOREIGN WOOLEN MILLS CO.****FEDERAL JUDGE
OVERRULES MOTION**

Refuses to Dissolve the Injunction at Leiter's Mines.

Says No Man Has to Work But Those
Who Want to—Must Be
Protected in It.

THE MINERS DENY VIOLENCE.

Springfield, Ill., Aug. 17.—In the federal court Judge Humphrey, in overruling the motion to dissolve the injunction, or even to modify it, to allow the strikers to enter the grounds owned by the Ziegler coal company said:

Men who want to work have a perfect right to do so, and I will see that they are protected in that right in this district. The man who does not want to work has no right to interfere with the man who does. The man who owns the property has a per-

fect right to manage it in the way in which he sees fit. A workman has the right to sell his labor or withdraw it, but he must not interfere with other men who want to work.

Henry R. Platt, of Chicago, one of the attorneys for the Ziegler coal company, in an argument in opposition to the strikers' motion to dissolve the injunction against them declared:

I was on board the train which was held up by the strikers at Pinckneyville July 30. The strikers to the number of 100 surrounded the train, and they made threats against the passengers if they should go to Ziegler and work in the mines. I was known to the strikers, and they yelled at me, "You are a marked man. You will lose your life, if you bring any more men to Ziegler."

The officers of the miners' union and the strikers named individually in the injunction issued by Judge Humphrey two weeks ago against the Ziegler strikers, restraining them from picketing the town or intimidating the men from working or in any manner interfering with the operations of the mines, filed an answer through their attorneys, W. F. Spiller of Benton and Judge H. W. S. Wheatley of Duquoin. In the answer they deny that they intended offering any violence to men who come to Ziegler to take the strikers

places and other numerous affidavits to the effect that no confederation or conspiracy exists for the destruction of property. They also allege that the injunction infringed on their constitutional rights and asked that it be dissolved. They state that when the train arrived at Pinckneyville on July 30 no threats were made against any of the passengers, and that the men, some thirty in number who who jumped out of the windows did so just because they wanted to, and not because of any threats.

LOW RATES TO COLORADO AND UTAH RESORTS.

Best reached via the Missouri Pacific railway. From St. Louis to Pueblo, Colorado Springs and Denver, \$25; Glenwood Springs, \$37; Salt Lake City, \$38, round trip. Correspondingly low rates from all points. Tickets on sale daily until September 30, return limit October 31, 1904. Liberal stopovers, with diverse routes. Three fast trains daily from St. Louis elegant equipment. For descriptive literature, particulars, etc., consult ticket agents or address R. T. O. Matthews, T. P. A., Room 301 Norton Building, Louisville, Ky.

—The Evergreen circle Woodmen of the World will meet tomorrow afternoon at 2 o'clock at its hall, corner Third and Elizabeth.

CHIEF COLLINS

MAY BID ON LIVINGSTON COUNTY HEALTH RESORT.

Chief of Police James Collins knows a good thing when he sees it, and contemplates purchasing Echo Valley Springs, Livingston county.

Chief Collins returned yesterday from the springs where he spent nearly a week and is much impressed with the water and the admirable location of the springs as a summer resort. Chief Collins learned that Dr. S. H. Caldwell had been commissioned to sell the property and came around this morning to interview the doctor relative to how the bids will be received.

Dr. Caldwell furnished all information cheerfully and Chief Collins departed with a smile on his face. It is said he intends blitting on the springs and if he succeeds in getting them, will convert the property into a first class watering place.

**NEWS OF
THE RIVERS.**

Observations taken at 7 a. m. River 3.8 on the gauge, a stand. Weather cloudy and warm. Temperature 76 with northwest winds.

S. A. FOWLER, Local Observer.
The Victor has gone into Tennessee river.

The Penguin went into Tennessee river yesterday.

The Memphis passed out of Tennessee river to St. Louis yesterday after noon late.

The Savannah is due to pass today from St. Louis to Tennessee river.

The Royal arrived and departed on time today for Golconda.

The Dudley is due today from Clarksville and will leave on return trip on arrival.

The Clyde will go out tonight into Tennessee river.

The Charleston has gone into Tennessee river with a good trip.

The Richardson is today's Evansville packet.

The Charles Turner is due from the mines with a tow of coal.

The Fulton made an effort to get to Louisville with empties, but could not get by the Sisters, and returned yesterday. Captain Dan Varble is in command and will have to wait for more water.

The Annie Russell, owned by Mr. Russell Gardner, of St. Louis, is on her way down. She started to Pittsburg but turned back at Cincinnati on account of low water.

On account of the low water there are no Memphis boats or New Orleans packets running now.

The Greenland burst a heater and had to lay up at Marietta for repairs.

Paul Botsat, Jr., the well known Mississippi river mate, died at Little Rock a few days ago. His death is believed to have been caused by being hit in the head with a brick by a negro roustabout several months ago, since which time he has never been in good health. About three weeks ago his brother at Little Rock asked him to come to Little Rock to rest up. He accepted the invitation, was taken ill and died.

Over 5,000,000 bushels of coal is now standing in the Pittsburg harbor waiting for water to float it down the Ohio river. Most of the empties are tied up along the lower river near Cincinnati and Louisville. Few of the river mines are being operated, although a good quantity of coal is coming from the rail mines to Pittsburg. A rise in the river is all that will help the situation, and that, in the opinion of experienced coal men, will not stimulate mining to any great extent.

NO FINAL ACTION.

The Elk building committee did not take any action last night in regard to selecting plans for the new building. Another meeting of some of the members was held and it was decided to meet again the latter part of the week. The visiting architects who were here have returned home.

REVIVAL SERVICE.

A protracted meeting in progress at the Mechanicsburg Baptist church, is attracting large congregations, and much interest is manifested. The services are being conducted by Rev. R. S. Kirkland, assisted by his brother, Rev. A. M. Kirkland, both prominent Baptists, of Fulton.

Lafayette W. Jones, a wealthy farmer of near Plattsburg, Mo., was shot and killed by his fifteen-year-old son.

EXCURSION RATES TO NORTH-ERN RESORTS.

Stopovers at St. Louis Fair.

Excursion tickets, at unusually low rates, good for the season, on sale to Milwaukee, Madison, Waukesha, Green Lake, Devil's Lake, Gogebic, Ashland, Marquette, Superior, Duluth, St. Paul, Minneapolis and many other cool and delightful lake resorts reached by the Northwestern Line.

Stopovers at St. Louis permit visit to the World's fair en route.

Information and tickets can be secured from your home agent. Booklet entitled "The Lakes and Summer Resorts of the Northwest" mailed upon receipt of 4 cents in stamps. W. H. Knissner, P. T. M., C. & N. W. Ry., Chicago, Ill.

FREE RECLINING CHAIR CARS TO THE WORLD'S FAIR.

The Southern Railway has inaugurated a line of free reclining chair cars on the night trains between Lexington, Louisville and St. Louis through without change in each direction, in addition to the through sleepers and coaches heretofore operated.

These are brand new vestibuled cars with all the latest improvements, including smoking compartment, separate wash rooms for ladies and gentlemen, lighted by kerosene gas. These reclining chair cars are sure to prove popular with the patrons of the road as they are very comfortable and at night the chairs can be turned back, and used instead of the Pullman sleeper without any extra charge. Any passenger holding a regular through ticket over the Southern Railway is entitled to ride in these cars.

A DELIGHTFUL PLACE TO SPEND THE SUMMER.

In the highlands and mountains of Tennessee and Georgia, along the line of the Nashville, Chattanooga and St. Louis railway, may be found many health and pleasure resorts, such as Monteagle, Bowanee, Lookout Mountain, Hixson Springs, Hot Springs, Eastbrook Springs, Hot Springs, Nicholson Springs and many others. The bracing climate, splendid mineral waters, romantic and varied scenery combine to make these resorts unusually attractive to those in search of rest and health.

A beautifully illustrated folder has been issued by the N. C. and St. L. railway and will be sent to any one free of charge.

W. L. DANLEY,
General Passenger Agent, Nashville, Tenn.
